

We Love String Three!

G.Eady

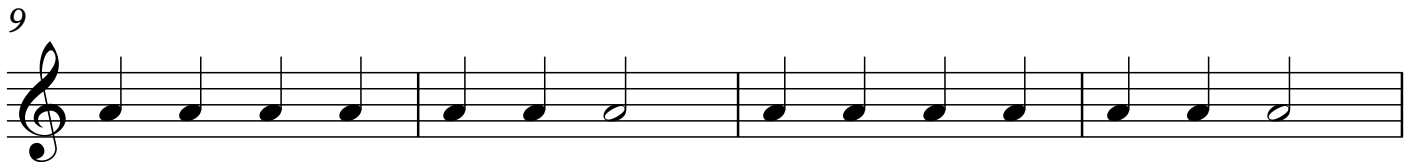

This song uses the same rhythm over and over until the last line.

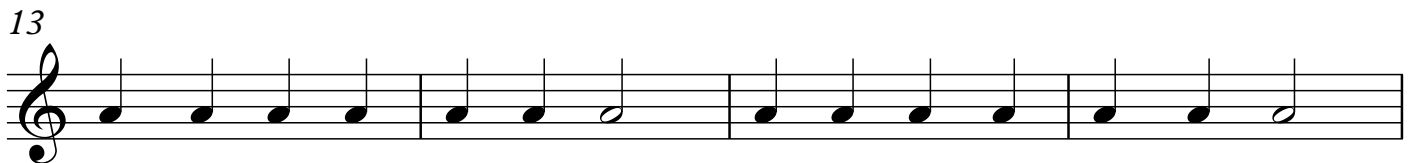

G's the note that is string three. Did that note with E and B.

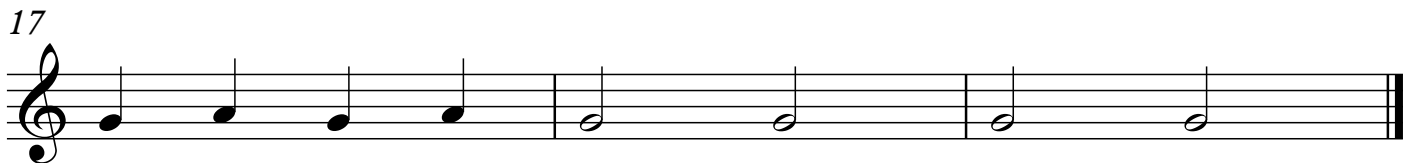

Walk those fing-ers on the string. What a jaz-zy song to sing.

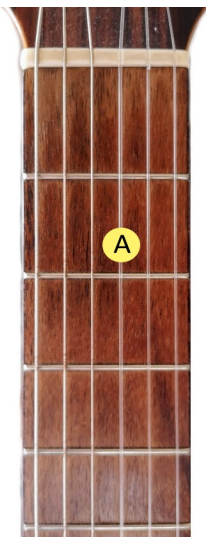

A's the cool-est note to play. It's the new one of the day.

Place your fing-er on the fret. Sup-er play-ing's what you'll get.
