

Whole Class Flute

1. Start by getting a pulse (musical heartbeat) going by stamping your feet twice and then clapping once

Stamp, stamp, clap, rest

Stamp, stamp, clap, rest

2. Once you've established the beat get used to singing the tune over it.

'We will, we will rock you. We will, we will rock you.'

3. Now look at the music printed below and work out the names of the notes using the guide below to help you.

C B A G

4. Now combine the stamping and clapping while singing the notes – you're really multi-tasking now!
5. It's time to start playing the notes on your Flute, remembering to make a good mouth position.
6. Finally – teach the stamping and clapping rhythm to a friend or family member and you can play along with them. Have fun!

We will rock you

Brian May
